Primary election Tuesday

Letcher County residents will vote Tuesday in a primary election distinguished mainly by the lack of interest in it.

Voters will choose Democratic and Republican nominees for United States Senator and Congressman from the Seventh District.

U. S. Rep. Carl Perkins of Hindman is seeking re-election to the office he has held for the past 14 years.

He is opposed by Jerry Ringo of Frenchburg, a newspaper editor, and Baxter Amett, an attorney from Ashland.

S. Alex Parker Jr. of Maysville, a tobacco company executive, is running for the Republican nomination for Perkins' seat.

Charles D. Wheeler, Ashland, also is a candidate for the Republican nomination.

The November election, which is expected to pit Wyatt against Morton for Senator, and which also will include county school board races, is expected to arouse more interest here.

Reach for the impossible—make it work, county urged

Letcher County residents were urged today to reach out and grab for the impossible and make it go.

The speaker was Paul Hadley of the State Department of Commerce, the man who last week fired the imaginations of citizens here with a proposal for construction of "Cloud City," a resort to be located on top of Pine Mountain.

Hadley was back in town to explain his "Cloud City" proposal at a public meeting at the courthouse in Whitesburg.

He said the mountains of Letcher County are "one of the most beautiful spots in Kentucky--bar none."

The view from the top of Pine Mountain, he said, is "a breathtaking panorama of sheer beauty matched nowhere in Kentucky" and "would challenge the best they have to offer us in the Smokies."

"Gatlinburg (a resort town in the Smokies) in its fondest dreams will never have the view of Cloud City," Hadley said, because Gatlinburg is situated in a valley.

Hadley asked his hearers to imagine a complete new city on the mountain, one part set aside for commercial development, the other for private residential development.

"Just picture yourself three stories from the ground at the top of that ridge in the Sky Room," one of the finest restaurants in the South, with a view of the Kentucky River Valley on one side and the Cumberland River Valley on the other.

Hadley said there is no genuine resort area in Kentucky yet, although the state is on the route from the north to the larger resort areas of Florida and the South. He said he thinks the "Cloud City" development should be aimed at people whose children are about to leave home or who are already grandparents. The altitude of Pine Mountain is not high enough to affect the heart, but is above the mosquito line and high enough for residents to feel free, not fettered as they are in a city. And a man with failing vision could see in the waning days of sight some of the most beautiful scenery anywhere, he added.

Hadley said the proposed resort town would not harm Whitesburg but on the contrary would make it grow. "Whatever business you are in or would

like to be in can be in Cloud City," he said. "As Cloud City grows, more and more people will be needed to work in it, and they won't live there."

Hadley came to Whitesburg last week at the invitation of the Whitesburg Planning and Zoning Commission to discuss tourist potential in the Whitesburg area and by the time he left had overseen the organization of a corporation to buy land and proceed with the development of "Cloud City."

He returned today to explain his proposal to a wider audience.

Meanwhile, the new corporation already has started work to obtain options on the 6,000 acres of mountain-top land needed in the project.

The Letcher County Bar Association voted to work as a body to help in the legal work needed to get the options, and already letters to property owners are being prepared.

The corporation also is preparing to seek professional planning advice on the project.

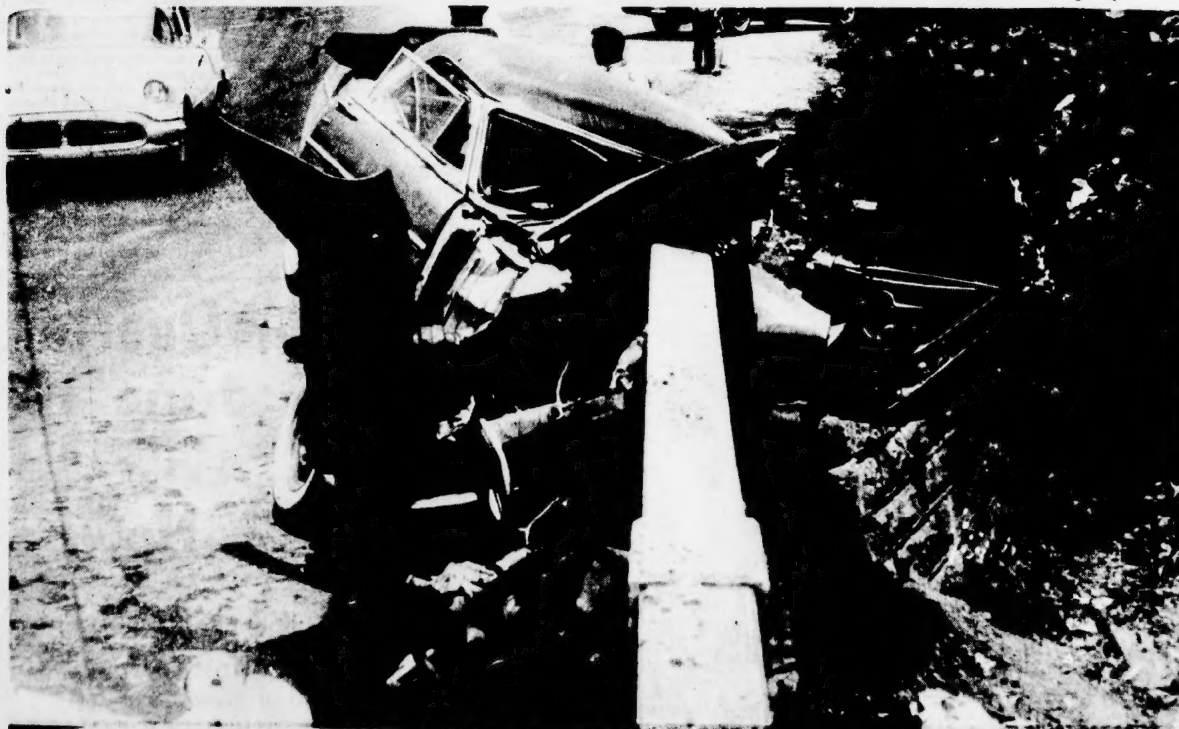

Hadley said today there should be very rigid restrictions on the type of construction and design of buildings in "Cloud City." County planning and zoning regulations will be necessary, he said, to prevent access roads to the resort area from being cluttered up. "We don't want Cloud City to be the only beautiful thing in Letcher County," he said. "We want everything to be beautiful. It must be of any value to us."

After the new town is established, sites will be sold or leased for motel, restaurant and other business development.

Residents of Whitesburg and Letcher County would have first priority on the land available. Then, after local interests had invested as much as they wanted to, the town would be opened to investment from the rest of Kentucky and after that to the nation.

The Cloud City corporation is planning to sell stock at \$10 a share. An additional \$90 is to be borrowed against the \$10, and when the indebtedness is repaid, each share would be worth \$100.

"The opportunity is here--the lack is in the individuals themselves," Hadley said, referring to Eastern Kentucky's current economic situation. (Continued on Page 16)

FATAL TO ONE--Donnie Hayes, 19, son of Mr. and Mrs. Gene Hayes of Fleming, died about midnight May 18 when this car in which he was a passenger crashed into a bridge railing at the Forks of Millstone. The youth was dead on arrival at Whitesburg Memorial Hospital. The driver of the car, Conrad Burns, 18, was in critical condition from injuries suffered in the wreck. Another passenger, James Sergeant, was hospitalized with less serious injuries. State police said the auto was traveling at a high rate of speed when the accident occurred. Letcher County Safety Director Lovell Williams, who made this picture for The Mountain Eagle, said damage to the car was the worst he had seen in comparison to the number of persons injured fatally. The mangled car is in the foreground where it landed after the crash.

TOP SPELLERS AT LETCHER-- These girls are winners of \$25 United States Savings Bonds for their proficiency in spelling. Two are seventh graders at Letcher Consolidated School, and two are eighth graders. The awards are presented annually at a scholarship banquet by the school's Parent-Teacher Association. The PTA established them and a scholarship program for high school seniors several years ago in an effort to encourage scholastic achievement in school. The winners received their bonds at the PTA's annual scholarship banquet earlier this month at the school. They are (left to right) Nancy Elam, who later went on to win the county-wide spelling championship; and Sharon Caudill, both eighth graders, and Glenda Fields and Claudette Back, seventh grade pupils. In front of them are (at left) Bernice Asher, president of the Letcher senior class, and Mrs. Lundy Adams, scholarship chairman for the PTA. (Eagle photo).

VFW FIREMEN CALLED TO THREE FIRES IN TWO WEEKS

The Veterans of Foreign Wars volunteer fire department answered three calls during the past two weeks.

One was to the home of Cicero Combs, Mayking; the house was a total loss.

Another was to a car fire at Colson; the car was a total loss because the person who called in the alarm gave the fire department the wrong address, and the firemen spent three hours looking for the fire.

The third was a truck fire at Spreader Elkhorn Fuel Co. This was the second time in several weeks that the VFW firemen had put out a truck fire at the coal company and prevented damage to the firm's ramp.

MABEL KISER DESCRIBES WHAT'S BEEN HAPPENING RECENTLY IN THE AREA AROUND MILLSTONE

Last week Mrs. Mullins celebrated her 80th birthday by working all day in her garden. How wonderful! The next Sunday her granddaughter, Mrs. Otis Mason (Pauline), with the help of several others celebrated Grandma's

birthday by setting her a dinner. They all gathered at Pauline's home and had a real big dinner and celebration. Among those present were Mr. and Mrs. J. W. McElroy and family, Mrs. Opal Mason and family, Mr. and Mrs.

Sonny Cook and Gloria, Mr. and Mrs. Elbert Toler and family, Mr. and Mrs. Howard Toler and children, Maggie Mason and daughter Jo Ann, Mr. and Mrs. D. V. Bentley and children, Miss Brenda McElroy and Mrs. Eunice Meade.

Picnicking at Jenkins Sunday were Jeanette Cook and daughter Gloria; Mrs. Opal Mason, Debbie and Ricky, Eddie and Yvonne Bentley, Miss Betty Webb, Miss Brenda McElroy, Mr. and Mrs. McElroy and children, Larry and Emmett.

The Lower Millstone School's eighth grade made a trip to Dewey Lake last Friday. The children worked hard for this trip and waited patiently for it. Finally the day arrived and they got started bright and early. They went from Dewey Lake to the Breaks of Sandy, where they had a lovely time picnicking and enjoying the scenery. The Breaks is a wonderful place to picnic, and the beauty of the hills is a wonderful sight to see. Kenneth Bentley and Doug Lundy drove the children on their trip. They were accompanied by Sherman Meade, principal of the school, Mrs. Meade and Mrs. Eunice Meade. Children making the trip were Darrell Stone, Carla Lark, Linda Meade, Lowell Holbrook, Eddie Fields, Roy Toler, Jesse Daniels, Larry McElroy, Bobby Hoskins and David Gross. They took several pictures of the excursion and Kenneth Bentley made some movies; maybe some day he will show us some of them.

Mrs. Mary Ellen Osborne, Columbus, was in Millstone this week visiting her mother, Sol Meade.

Visiting with Mr. and Mrs. Ed Taylor this week were her brother, Milton Crase, and his wife from Missouri. The Crases had been visiting friends and relatives in Ohio and Indiana. Mr. Crase is a son of Uncle Clay Crase, who will be remembered by several Letcher County residents.

Uncle Clay is now in his 97th year; he has fair health but his eyes are failing him, and he does not get round very much. We would like very much for him to visit Millstone again. Mrs. Taylor had a grandmother, Aunt Rebecca Taylor, who lived to be 114 years old. She lived on Colby and will be remembered by some of you readers.

Dinner guests of the Ed Taylors were Mrs. L. L. Hollyfield, McRoberts; Mr. and Mrs. Joe Sumpter, Mr. and Mrs. Chester Smith of Leatherwood, Mrs. Perry Porter of Hemphill. Mr. Porter is a patient at Memorial Hospital.

Mrs. Sheridan Martin Jr. was honored at a household shower Saturday afternoon. Among those present were Mrs. Eunice Meade and Linda; Mrs. Jesse Wright and daughters and little Barry, Mrs. Sonny Cook and Gloria, Mrs. Jesse Meade and daughters, Mr. and Mrs. Sylvan Holbrook, Mr. and Mrs. Wesley Hall, Mrs. Guy Holbrook and Mrs. W. D. Bentley.

Sunday dinner guests of the Ben Franklins were Mr. and Mrs. Malmon Brown, Sandlick; his son Astor and his wife and two sons of Deane. After lunch they enjoyed some good old-time singing, which echoed through the hills and was heard by some of the neighbors, who joined them. Mr. and Mrs. Joe Proffitt and Mr. and Mrs. Edgar Hall. This made Uncle Ben and Aunt Sarah, both in their 80's, rejoice in their hearts.

Mother's Day visitors of Mrs. Ada (Ma) Smedley were Mrs. Opal Smedley, Michigan City, Ind.; Mrs. Abe Wampler, Mayking; Mr. and Mrs. Erwin Hall, Ellettsburg, Mr. and Mrs. Ralph Jones, Pamela and Gary, all of Michigan City. Mrs. Smedley was very glad to have them but was sorry she couldn't have all her children home on Mother's Day.

Mrs. Carrie Mooney enjoyed a week's stay with her sister and her husband, the Claude McHones, McRoberts. The McHones were neighbors of our several years ago when all of our children were small; we liked them very much.

The Ralph Joneses and children have returned to Michigan City after spending a week with friends and relatives here. Mrs. Opal Smedley accompanied them home, she had been called here by the death of an aunt, Mrs. George Gaudill.

Mrs. Ada Smedley tells us of the marriage of her grandson, Curtis Wampler, to Miss Frances Hucholtz. The marriage was solemnized at the St. John United Church of Christ in Michigan City. Curtis is the son of Mr. and Mrs. Abe Wampler of Mayking. He attended Whitesburg High School and is now employed at Clark Equipment Co., Michigan City. Mrs. Wampler is a graduate of Isaac Elton High School and was employed as a secretary.

present she is enjoying home-making in a nice little trailer at 212 Trailer Court, Michigan City.

Millstone Grade School will hold graduation exercises Tuesday, May 29. The Rev. Edward Hencar, pastor of the First Presbyterian Church, will give the address. Kendall Boggs, assistant superintendent of schools,

will present the diplomas, and the Rev. Raymond Collins, pastor of the Thompson Regular Baptist Church, will give the invocation.

Millstone and the surrounding area were saddened by the car wreck on Friday night on Millstone Creek involving Donnie Hays, Conrad Burns and Jimmie Sergeant Bentley. Donnie, Fleming-Neon High School senior, was killed outright; he was a son of Gene Hays, Neon city policeman. Conrad Burns, son of Mrs. Burns of Fleming, had multiple fractures of both arms and legs and was in critical condition at Memorial Hospital. His mother is a widow, Jimmy, stepson of Estill Bentley, had severe chest injuries. His mother and stepfather live in Hemphill. The car was demolished in the accident, which occurred just above the school at forks of Millstone.

The tragic accident cast a cloud of gloom over the Fleming-Neon senior banquet Saturday.

Visiting the Bill Stampers last week was Mrs. Stamper's sister, Mrs. Burl Webb of Hamilton, Ohio, and her husband. This was the first time Mrs. Stamper had seen her sister since the death of their father some time ago.

Mr. and Mrs. Dave Collier had their sons, Freddy of Pikeville and Don of North Carolina, in for a visit last week end.

Mrs. Joe Proffitt has returned from Flint, Mich., and Cleveland, Ohio, where she has been visiting with her children. She was accompanied home by her daughter, Mrs. Herbert Meade (Rosa) and her husband and their children. The Meades also visited his parents, the Abe Meades. Calling on the Hays Profitts last Tuesday was Mrs. Proffitt's uncle, Mayo Holbrook, from Cowan. Mr. Holbrook is getting along in years and is good at entertaining. He has some interesting stories of the long ago to tell us.

Mr. and Mrs. Benne Holbrook of Lexington and sons have been visiting the Hays Profitts and other relatives on Millstone. Sunday morning the Holbrooks were entertained at a breakfast on Pine Mountain by Mr. and Mrs. Jesse Holbrook, Mr. and Mrs. Hayes Proffitt, Mr. and Mrs. Claude Collins, and son, Jack Wise, and Mr. and Mrs. W. C. Holbrook. They had an enjoyable time. After breakfast Benne Holbrook returned to Lexington and the others stayed to enjoy some of the beautiful scenery that only Pine Mountain has to offer. They explored the new road that starts up the hill just under the top of the mountain at the right of the highway and leads around the hilltop to some of the most breathtaking scenes. Its beauty cannot be told—it just has to be seen. On the way home they came back by Cowan and had a most enjoyable day.

Mr. and Mrs. Otis Mason took their little daughter, Sabrina K., to the hospital with a very high end in Jenkins hospital and came home Monday.

Visiting the Sol Meades Sunday were her sister and her husband, Mr. and Mrs. Billard Tolliver of Hemphill, and their son, Claude, and his wife.

Wayne Baker spent the week end with his mother, Mrs. Maywood Baker. Mr. Baker is employed in Louisville.

the beans.)

Pfc. Richard Allen Campbell, son of Mr. and Mrs. Troy "Duck" Campbell, is serving at the Bouldering Army base near Frankfurt, Germany. He is a 1961 graduate of Letcher High School.

Query on the kin comes from J. M. Gilbert, Box 135, Mayfield, Ky. He'd thank any of us for information about the Maggard-Gilbert-Caudill families. He is the son of the late Judge James Gilbert, who once served the bench in the old Harlan-Bell Circuit Court. He mentions a cousin, Mrs. Ethel Smeot, of Albuquerque, N. M., who is the daughter of Emory Caudill.

Mr. Gilbert was referred also to Victor Phillips, Box 66, Valley Springs, Ark., and to Troy L. Back, 208 Emerson, Alexandria, Va. Vicotr has written a history of the Maggard family, and Troy has collected data on Eastern Kentucky families back to pre-Colonial days.

Blackey School Principal Glenn Hampton, Mrs. Dana Dixon and Mrs. Dora Wheatley chaperoned the 17 eighth graders on their tour of the state's attractions.

Fantastic and factual fishing stories are coming from Cumberland Lake—one pointing up the

basic honesty of the fisherman; Joe Pickens put out a trotline in Laurel Creek. Along came J. R. Blackwood out of Wildcat Hollow. He saw a big bass jump from the water. He cast to the spot. The fish leaped again. After a few more futile casts, Blackwood went to the scene and found a trotline. On it was a big bass. It had leaped in efforts to throw the hook.

Blackwood took the fish to Grider Hill Dock, weighed it, (8 lbs.), told the story to Bruce Sloan with a request that he find the trotline fisherman. Bruce relayed the fish and the story of the honest fisherman.

Charles Wintaker, who has been working in Cincinnati, was in to see the Steve Whitakers.

Mr. and Mrs. Glenn Stamper and two children came from Ohio to visit her mother, Mrs. Anne Collins.

FINCH HONORED

James O. Finch, Jenkins, a senior in the University of Kentucky College of Law, was one of 12 College of Law students to receive a book award at the annual Law Day dinner dance recently. The awards were given to students making the highest standings in various courses.

Thursday evening Willie King fell on some steps here and injured his leg where it had been amputated. He was taken to Whitesburg Memorial Hospital and stayed there for several days.

Last week Mrs. John Stidham went to visit her son, George, and his family at Omaha, Neb. Mrs. George Stidham is seriously ill; he is in the US Air Force and stationed there. She returned by train to Winchester, and John met her there and drove her home to Craft's Colly.

LETCHER AND HARLAN COUNTY SCHOOL CHILDREN INVITED TO TRY 'O PICK NAME FOR NEW DRIVE ALONG TOP OF PINE MOUNTAIN

School children in Letcher and Harlan Counties were invited today by Lt. Gov. Wilson W. Wyatt to enter a contest to name a scenic trail now being developed across Pine Mountain in the two counties by the State Division of Forestry.

Wyatt, who was instrumental in planning the trail and getting it under development last fall, said a prize of a \$50 government savings bond will be awarded to the pupil submitting the winning name. In addition, a Kentucky State flag will be awarded the winner's home room in school.

The trail, which provides a spectacular view of the forested slopes of Big Black Mountain and of Poor Fork Valley, will be dedicated this summer. The contest winner will be an honor guest at the dedication.

The contest is open to all primary and secondary school pupils in the two counties and will be judged by a committee named by the Division of Forestry.

Names must be submitted by letter or postcard with a postmark no later than midnight May 31. Entries are to be sent to: Name the Trail Contest, Division of Forestry, Capitol Annex, Frankfort, Kentucky. Entries must include the name of the contestant and his school, present grade and home room teacher.

Entries will be judged on originality and applicability. If more than one person submits the winning name, the entry with the earliest postmark will win.

The trail starts near Highway 421 about three miles from Harlan in the vicinity of Baxter and will extend to US Highway 119 above Whitesburg when completed. It started as a fire control truck trail constructed by the Civilian Conservation Corps in the middle 1930's and has been used by fire fighters, horseback riders and hikers. It has recently been improved to permit some automobile travel.

The original trail was made up of two older trails, the Kentenia Truck Trail and the Scenic Trail and was 17 miles long. The ex-

tended trail will be about 37 miles. It will be an all weather road.

Purpose of the trail is entirely to provide an access to unspoiled mountain scenery that is not available on more heavily traveled roads. It is not to be used as rapid transportation between the two counties and is not designed for heavy traffic. There

will be turnouts for parking along the route so motorists can stop and hike and enjoy the natural beauty of the area.

Picnic facilities will probably be added later and the trail goes through the site of the proposed Kingdom Come State Park.

Species of trees along the trail will be marked for the benefit of nature lovers.

CHILDREN VISIT
BRUCE RUDD FAMILY;
HALLS GO FISHING

By MABEL KISER

Mrs. Bruce Rudd had their daughter and her husband, Mr. and Mrs. W. L. Hooper, Paintsville; their son, Donald Ray, and his wife Loraine and children all for dinner Sunday. The Hoopers were overnight guests Saturday. I am sure Mrs. Rudd enjoyed every minute of it for she is the kind of mother whose heart is wrapped up in her children.

Mr. and Mrs. Hillard Hall and family went fishing in Cherokee Lake, Tenn., over the week end. Mrs. Hall says they didn't catch too many fish; maybe they were too busy enjoying life with the children. Take your children and go fishing—maybe you will get real tired and won't catch too many fish; but I am sure you will build up happy family memories for the children. The advice you give them at a time of leisure, and the tales that you tell them at that time of the pitfalls of life will linger on and carry more weight than many a scolding.

Mrs. Hillard Hall and Mrs. Curtis Hall, Ermine, gave a household shower in honor of the family of Cicero Combs, whose house burned down earlier this month in Mayking. Besides the hostesses those attending were Misses Teresa Franklin, DeVone Bradshaw, Orpha Blair, Mesdames Bill Hall, Willard Watts, Orville Doyle, Zenneth Bentley, Wallace Kincaid, Ruda Combs, Richard Adams, Urice Adams, M. L. Webb, Ella Adams, Johnnie Fulton, Paul Underwood, Herbert Freeman, Benton Hall, Morris Franklin, C. B. Bradshaw, John Hall, Maud Case, Buz Combs, Sanford Caudill, Wood Phillips, Mat Adkins, Manda Gains, Edna Polly, Harry Caudill, Kenneth Frye, Clara Bentley, Melvin Wright, Lenville Kincaid, and Mrs. Earl Amburgey and Mrs. Arnold Amburgey, co-hostesses. How nice of the Halls and the Amburgeys to do this and how nice of everybody to come. Want to know where we read of the first shower? Read Job 42-11. While reading, read all of Job—may do all of us some good.

Miss Brenda Sue Taylor is home from Columbus, Ohio, for an extended visit with her parents and grandparents, the Buster Taylors and the Bruce Rudds.

LINEFORK

SCHOOL MAY MERIT HIGHER RATING SOON

By JUDY CORNETT

We are proud to report that our Kingdom Come High School now has the chance to become a provisional high school next year.

We need one more curriculum field and need to offer 1/2 unit more classes than we've had this year. Now, for the first time, we have enough certified teachers to meet the state requirements for a provisional school. Our school may be old, and what most people call inadequate, but we love it and are working hard to build it up.

Pvt. Marvin Comett, who has been stationed in Korea, has returned to the states and is now visiting his parents, Mr. and Mrs. Evan Comett.

We've received the news that Mr. and Mrs. Amie Franklin and daughter, Susie, from Pontiac, Mich., are returning to their native Linefork for their summer vacation.

It has been reported to us that the road is in good enough condition that we may go to Raven Rock from Hurricane Gap. We are proud to have access to such a beautiful place from our side of the mountain as well as the Cumberland side. I am looking forward to taking a picnic up there, along with taking several people who say they walked up 25 or 30 years ago and want very much to see it once again.

Congratulations to Mr. and Mrs. Carl Overbay on the arrival of their new son, Richard Dean. The Overbays have one other son, Jeffery Carl.

Art Creech visited his aunt, Callie Nolan, Sunday afternoon. Mr. and Mrs. Lester Halcomb visited his mother, Mrs. Mary Halcomb, this week end.

Allene Crase was the week end guest of her fiancé, Gilbert Sneed, of Dupont, Ind. Mr. Sneed has just purchased a 150-acre farm, and he and Allene went furniture shopping to furnish the new home.

Mrs. Emily Ison, postmistress at Whitesburg, visited her daughter, Gay Ingman and Mrs. Frank Cornett.

We are overjoyed to report that Mrs. Callie Nolan is feeling so much better. In fact, she felt so good Sunday that her grandson, Jay Comett, and daughter, Thelma Comett, took her for a drive through the neighborhood. She stopped and visited with her brother, John D. Huff and his wife, Martha; Mr. and Mrs. Kermit Comett, Mrs. Grace Parrott, and then on down the road to see Mrs. Cassie Comett and Mr. and

Mrs. Victor Comett.

Philip Frazier is visiting at the home of Mr. and Mrs. Otis Frazier.

A household shower was given for Mrs. Opal Koger by her sister, Mrs. Sallie Huff. Present were Mrs. Ella Jane Turner, Mrs. Vivian Halcomb, Mrs. Ophia Comett, Mrs. Opal Roark, Mrs. Raymond Hall, Mrs. Allene Crase, Mrs. Bonnie Ingram, Mrs. Susie Comett, Mrs. Mavis Minard, Mrs. Ruby Jean Roark, Misses Oma Jean Ingram, Dovie Lee Comett, Theresa La Nell Hall, Irene Comett, Wanda Cornett, Lena Halcomb, Margaret Halcomb, Sue Huff, Frances Halcomb and Lisa Huff.

Mrs. Flora Ingram visited her daughter, Mrs. Atlas Frazier, and family for the week end.

Mr. and Mrs. Claude Ingram and Mr. and Mrs. Dan Disney visited Mr. and Mrs. Victor Cornett Sunday afternoon.

Miss Brenda Ison, who is working in Ohio, is now visiting her parents, Mr. and Mrs. Vernon Ison of Skyline.

Miss Sharon Frazier spent the week end with Misses Barbara and Doris Ison.

John D. Ison visited Mr. and Mrs. Troy Shepherd of Gordon Sunday afternoon.

Mrs. James Ison is visiting her parents, Mr. and Mrs. Manus Ison, at their home in Skyline. Miss Irene Ison spent Saturday night with Mrs. Ison.

The Rev. Anna Mae Burton visited Mrs. Callie Nolan Sunday morning.

We have some great fishermen in our community. Clarence Huff, Jerd Comett and Turaman Cornett went to Norris Lake and came back with enough fish for the whole community. I received my favorite—two large catfish, already cleaned.

Mr. and Mrs. J. C. Rowe have moved to Scottsburg, Ind., this week end. J. C. has a good job, and Janice is going back to school so she can teach art next year.

Mr. and Mrs. Bertha Ison Battle of Dupont, Ind. Mrs. Ison lived here for many years and takes this paper every year so she can "keep in touch."

Our Kingdom Come seniors returned from their senior trip last Thursday. They visited Cumberland Falls, Mammoth Cave and many other places in Kentucky, then went to the Smoky Mountains and many places in Tennessee. We hope that our future seniors will soon be able to follow.

There is lots of farming and fishing going on in and around U2 and Ice. So far this year I haven't seen anybody pass with any fish yet.

A lot of people buy Pontiacs just because they're Pontiacs. Dandy. Even better "because," though, are a Pontiac's good looks, its superb Wide-Track handling, its way of shortening tedious trips. Try one. It's a refresher course in how an automobile really should be. **Wide-Track Pontiac**

HADLEY EXPLAINS 'CLOUD CITY' PROJECT (from Page 1)

He focused his attention on three of Eastern Kentucky's problems:

1. Too few people have too much money, and too much influence, and are not using it to develop the area.

2. Too many of us have the idea that if anything comes from Kentucky, it can't be much, or if a person is from our own home town, he can't be much. "Why can't we look at our fellow citizens and admit they might have something?" Hadley asked.

Hadley encouraged his listeners to provide incentive to keep their own children in their home towns. Most businessmen, he said, refuse to offer their own children the same opportunities with their firms they would give someone hired, because the owners don't think their children are smart enough.

The same attitude, he added, exists in banks all over the country. Banks don't exactly discourage young people with new ideas, but they don't do anything to encourage them either, he

said. 3. Politics in any form has absolutely no place in the Cloud City project, Hadley said. Too many towns recognize there is no time for pettiness for effort to be wasted in a community split by petty jealousies, he said.

Hadley emphasized that under the articles of incorporation of the Cloud City group, no one person or group of persons can control more than 15 per cent of the stock.

He said he hoped "every kid in town" would find off jobs to earn \$10 so he could buy a share of stock in the new town. Employers will be asked to set up a payroll deduction plan to help their employees buy stock when it is ready to go on sale, he added.

"Every man, woman and child can participate in the new development if he wants to," Hadley said.

Any landowner who puts land values above what they are worth is doing a disservice to the community and the state, Hadley pointed out.

VACATIONERS AND WEEDING TIME ARRIVE AT BLUEFIELD TOGETHER

By LOVELL CAUDILL

Vacationers and garden work have arrived at the same time, making it tough on the Caudills of Bluefield.

Last week Jim Caudill was home from Indianapolis, Ind., and the family had to take time to hoe the garden before their fishing trip. Not too many fish caught, but a good trip for the boys.

Lots of the good folks have been sick. For one, Aunt Phoebe Olson has undergone surgery and is home again feeling some better.

Mrs. Varge Holcomb is in Lexington to undergo surgery for removal of a kidney. We sure wish her the best of luck.

Our deepest sympathy goes to the family and friends of Kelly Holcomb of Ulvah, who died after undergoing surgery at Mount Mary Hospital in Hazard.

We wish also to extend our deep sympathy to Edna and Opal Holcomb in the loss of their 14-year old son, who died two days before his uncle Kelly.

Sallie Brown is still on a spry foot. She spent the week end with Flora and the Vernon Blairs of Blair Branch. They also attended the baptism of Mr. and Mrs. Harrison Nicholas.

Fishing is still the chief subject here. Last week Less Caudill hauled out a carp 31 inches long weighing 15 pounds. He

has also been taking home some fine catfish. His garden is not weedy, either.

Polly Mitchell is improving slowly; she has been seen as far out as the stock sale. Sure good to see her stirring.

The last bicycle seen as far down as Jim Caudill's was pedaled by Roger Whitaker and little Jimmy Darrell Fields, just sight-seeing.

LUCASES TO OPEN RECORD SHOP HERE

A new record shop will open in Whitesburg about June 1.

It will be located at 155 East Main Street and operated by Harry Lucas.

Remodeling of the new store's quarters, formerly occupied by Fields Wallpaper Store, is now under way.

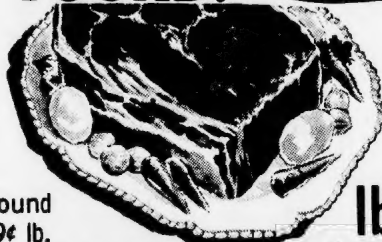

The new store will carry both classical and popular records, high fidelity and stereo record players, musical instruments, sheet music and magazines.

Lucas and his wife will continue to operate their Hilltop grocery on Tunnel Hill.
